NEW RENAULT CLIO

NEW RENAULT CLIO

DRIVE THE CHANGE

RENAULT

New Clio and the DeZir concept car.

NEW RENAULT CLIO INSPIRED BY "DEZIR"

Cars are made to get us from A to B, but they also awaken dreams and desires. From the very first sketch right through to production, the sensuous lines of the New Renault Clio are the very essence of pure seduction. Born from the DeZir concept car presented at the Paris Motor Show in October 2010, the New Renault Clio retains all of its style and emotion. From its dynamic lines to its personality, which shines through from every detail, everything contributes to its charisma.

The minute I took over as the head of Renault design, I was given one simple piece of advice: to design beautiful cars. This short sentence kicks off Renault's goal today: renewal. I interpreted it as a story in which each vehicle represents an important point in our adult lives. Clio represents the "lightning bolt" experience of that first encounter. The idea of a young, sexy, sporty car with an innate and unrivalled sense for practical day-to-day life.

Thought of as a sculpture, the New Renault Clio is an object of desire with an almost human sensuality. Its muscle structure and curves express the dynamism of the concept car. No sharp angles, just curves that make you want to get closer and caress it.

A customisable and high-tech vehicle, the New Renault Clio is the car you are going to fall in love with!

LAURENS VAN DEN ACKER, DIRECTOR OF RENAULT INDUSTRIAL DESIGN

Features and images may vary and be optional depending on model, and are subject to change without notice.

ANATOMY
OF DESIRE

THE NEW RENAULT CLIO MAKES HEARTS MELT. SENSUOUS CURVES, AN EXPRESSIVE FRONT END AND SPORTY REAR SHOULDERS. THE RENAULT LOGO TAKES CENTRE STAGE ON THE RADIATOR GRILLE. DESIRE IN EVERY DETAIL.

SEDUCTION TAKES SHAPE

1.

2.

3.

4.

1. Logo highlighted on a black background. **2.** LED daytime running lights give the front end an attractive identity. **3.** A curvy design that captures the dynamism of a 3-door vehicle, with rear door handles integrated near to the quarter panel. **4.** A muscular, sporty rear silhouette with real road presence.

Features and images may vary and be optional depending on model, and are subject to change without notice.

21ST CENTURY EQUIPMENT

DID YOU THINK THAT CERTAIN EQUIPMENT WAS EXCLUSIVELY TOP-OF-THE-RANGE? THE GENEROSITY OF THE NEW RENAULT CLIO IS UNIQUE IN ITS CATEGORY: MULTIMEDIA, BRAND NEW RENAULT BASS REFLEX SOUND SYSTEM®, HANDS-FREE CARD, HILL START ASSIST, ECO MODE… AND MUCH MORE. WHO'S COMPLAINING?

MAKE YOUR LIFE EASIER

1.

2.

3.

4.

5.

6.

7.

8.

1. MEDIA NAV* touchscreen multimedia system.** Navigation, 4 x 20 W radio, audio streaming and Bluetooth hands-free telephony®. USB and jack connections. **2. Climate control**** with combined pollen/activated carbon filter and toxicity sensor. The filters reduce fine particulate matter and pollutants (exhaust gases, odours). If a high pollution level is detected, the system automatically shuts the ventilation. **3. Speed limiter and cruise control** as standard. **4. ECO mode***. Activated by the press of a button, this mode can help reduce fuel consumption and CO_2 emissions by up to 10% depending on driving style. **5. Renault Bass Reflex®**. A brand new, patented sound system for optimum bass reproduction. **6. Hill start assist.** When starting the vehicle on a hill, the brake pressure is automatically maintained for 2 seconds, giving the driver time to manoeuvre. **7. Hands-free card***.** Access, starting and remote locking. **8. Parking aid**.** Four reversing sensors.

**Available as optional extras. ***Model dependant

Features and images may vary and be optional depending on model, and are subject to change without notice.

SPORTY
ON THE OUTSIDE

THE CLIO GT-LINE IS THE EMBODIMENT OF SPORTY SOPHISTICATION. THE PERFECT CLIO FOR EVERYDAY COMFORT WITH EXCLUSIVE SPORTY EXTERIOR STYLING. NOW WITH ADDED POWER. JUST PRESS THE OVERBOOST* BUTTON AND YOU HAVE AN EXTRA 4KW AND 15NM OF VA VA VOOM WHEN YOU NEED IT FOR UP TO 40 SECONDS.

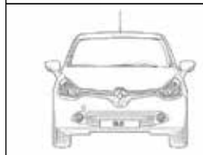
*Overboost only available for up to 20 seconds in 2nd and 3rd gears

The distinct GT-Line signature includes a unique GT-Line sporty front bumper with integrated daytime running lights, 17" GT alloy wheels, GT-Line mirrors, F1 inspired rear diffuser with chrome exhaust tip and R.S. door sill strips. The GT-Line also comes with a host of cutting edge equipment and technology including the Renault Multimedia System with 7" integrated touchscreen, navigation, Bluetooth® and USB connectivity. Add to that the Renault Bass Reflex sound system for great sound clarity, and you can sit back, listen to your MP3 player and enjoy the drive ahead.

Features and images may vary and be optional depending on model, and are subject to change without notice.

RENAULT CLIO
UNDER THE X-RAY

DRIVING PLEASURE, ON-BOARD COMFORT AND SOUND QUALITY: THREE OF THE NEW RENAULT CLIO'S FEATURES SCRUTINISED.

NEW RENAULT CLIO 5 SEATS


Wheelbase: 2,589 mm
Length: 4,062 mm
Width*: 1,732 / 1,945 mm
Height: 1,448 mm
Boot volume (VDA): 300 dm³
Max. boot volume: 1,146 dm³

* Overall width / with wing mirrors.

Features and images may vary and be optional depending on model, and are subject to change without notice.

DRIVING ECONOMY, DRIVING PLEASURE

BASED ON A COMBINATION OF INNOVATIVE TECHNOLOGIES, SOME HOT OFF THE RACE CIRCUIT, THE NEW ENERGY ENGINES ARE REVOLUTIONISING CURRENT STANDARDS. THEY HELP THE NEW RENAULT CLIO TO BEAT RECORDS FOR FUEL ECONOMY AND CO_2 EMISSIONS WHILE MAINTAINING DRIVING PLEASURE.

The New Renault Clio is the first model fitted with Renault's first 3-cylinder turbo engine, the **66kW Turbo Petrol Engine**, a new engine that combines driving pleasure and outstanding practicality. This all aluminium 3-cylinder 898cm³ engine ensures efficient pick-up and acceleration at all speeds. Featuring a very low inertia turbo (the lowest on the market) combined with Variable Valve Timing (VVT), the **66kW Turbo Petrol Engine** boasts of the best driving enjoyment and fuel economy equation on the market.

Around town, driving is pleasant as 90% of the maximum torque (135 Nm) is available from 1650 rpm, meaning you don't need to change gear too often. Now standard with an Overboost* function raising the power output by 4kW to 70kW and torque output up 15Nm to 150Nm for up to 40 seconds at a time. This allows quicker acceleration and enhanced engine responsiveness without any impact on consumption or emmisions.

Equipped with Stop & Start, it offers reduced fuel consumption (in a combined cycle) of 4.5 l/100 km. The CO_2 emissions are extremely low at only 105 g/km.

THE VERY BEST TECHNOLOGY FOR LOWER FUEL CONSUMPTION AND CO_2 EMISSIONS.

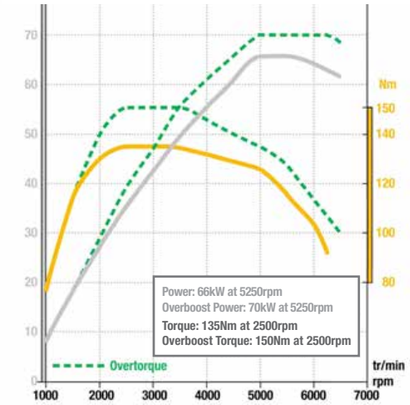
- The **66kW Turbo Petrol Engine** features a range of technologies to reduce fuel consumption and CO_2 emissions.
- **Stop & Start.** Automatically turns off the engine when the vehicle is stopped and in neutral. The engine is restarted by pressing the clutch pedal to put it in gear. The driver can choose to manually deactivate the system.
- **Energy Smart Management** (ESM) optimises electricity consumption and recharges the battery using the kinetic energy recovered when braking and decelerating.
- **Vent Control.** Optimises the vehicle's aerodynamics by adapting the flow of air through the radiator (source of aerodynamic resistance) to the engine's cooling needs. When driving normally or on the motorway, closing the vents interrupts the air flow, helping to improve fuel economy.
- **ECO Mode.** The advantage of eco mode is that it helps the driver cut fuel consumption by letting the vehicle optimise consumption sources. The system acts on the parameters limiting torque, engine power, acceleration pedal control patterns and the management of thermal control (regulated air conditioning). Savings can total up to 10% for a dynamic drive.

*Overboost only available for up to 20 seconds in 2nd and 3rd gears

Features and images may vary and be optional depending on model, and are subject to change without notice.

WHY A 3-CYLINDER TURBO ENGINE?

MANY MANUFACTURERS ARE REDUCING ENGINE CAPACITY AND NUMBER OF CYLINDERS BY ADDING A BOOSTING DEVICE (TURBOCHARGER OR SUPERCHARGER), THEY PROVIDE A POWERFUL ENGINE WITH SIMILAR PERFORMANCE TO A MUCH LARGER ENGINE, BUT WITH MUCH IMPROVED EFFICIENCY AND REDUCED CARBON EMISSIONS.



3-CYLINDERS = 3 FOLD BENEFITS

1. Lower fuel consumption but performance maintained through the strategy of downsizing
2. Reduced weight friction (one cylinder less)
3. Naturally higher efficiency linked to this architecture

DOWN IN SIZE BUT NOT DOWN IN POWER.

- Downsizing is a technique which involves reducing the cubic capacity of an engine in order to reduce fuel consumption, while maintaining performance thanks to turbocharging. The resulting saving in fuel consumption is estimated to be 5%.
- Removing a cylinder reduces friction by 20% compared with a 4-cylinder engine architecture of the same cubic capacity, leading to a 4% saving in fuel consumption.
- The 3-cylinder pulse, combined with a longer exhaust phase, is twice as powerful as that of an equivalent 4-cylinder engine.
- This natural turbocharging means that less demand is made of the turbo which in turn is more efficient, directly benefiting fuel consumption.

F1 TECHNOLOGY TRANSFER.

- Turbo Technology was first introduced in F1 in 1977.
- High Tumble Strategy: optimised flow of the fuel mix inside the combustion chamber for fast, stable combustion; the air turns quicker in the chamber (twice on average) which this allows a near instantaneous combustion.
- High Tech Surface Treatments: Camshaft tappets with DLC (Diamond Like Carbon) & Graphite-Coated Pistons are surface treatments used in F1 that significantly reduce friction and improve energy efficiency.

Features and images may vary and be optional depending on model, and are subject to change without notice.

CLIO - A LOOK INSIDE

THE NEW RENAULT CLIO HAS A BEAUTIFULLY DESIGNED AND FUNCTIONAL INTERIOR PACKED WITH TECHNOLOGY TO MAKE YOUR LIFE EASIER. DISCOVER THE DETAILS OF THE COMFORT THAT ARE THERE FOR ALL TO SEE.

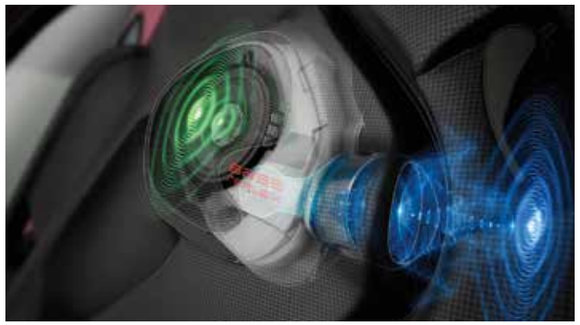
Sleek, aeroplane-wing dashboard design, accessible centre panel, digital speedometer for increased readability, height-adjustable driver's seat with a range of 70mm, height-and reach-adjustable steering column, choice of colours, chrome and gloss black materials... everything you need to create a modern and ergonomic car. Functional and safe, the New Clio has "motorway mode" indicators. Highly practical when overtaking, just press once to indicate three times.

There are a whole host of practical storage compartments: gear lever compartment, 7-litre glove box, front seat passenger cubby, cup holder, central armrest and door panel storage. To make it easy to transport long or bulky items, the 1/3-2/3 splitfold bench seat comes as standard. The New Renault Clio also has a boot volume of 300dm³, the best in its category. Everyday life made beautiful and practical. Job done!

SOUND EXPERIENCE

THE STYLE OF THE NEW RENAULT CLIO ALSO SHINES THROUGH THE SOUND. SOUND DELIVERED, DEPENDING ON THE MODEL, BY TWO BRAND NEW SYSTEMS WITH A SOUND QUALITY ORDINARILY RESERVED FOR HIGHER CATEGORIES.

Travel in the New Renault Clio and enjoy music with the best listening comfort. The New Clio introduces the **Bass Reflex® system**, a patented Renault system available as standard on all versions. Its innovative acoustic system incorporated into the front speakers is capable of reproducing the volume and sound quality of a 30L subwoofer. The quality of the low frequencies is optimised, the high pitches are clear and crisp and the distortion thresholds are pushed back. For a totally new sound experience!



Close up of the new **Bass Reflex® system** patented by Renault for optimal bass sound reproduction.

Features and images may vary and be optional depending on model, and are subject to change without notice.

MEDIA NAV
JUST TOUCH

THE MEDIA NAV® MULTIMEDIA SYSTEM GIVES EASY ACCESS TO HIGHLY PRACTICAL FEATURES THANKS TO ITS 7" TOUCHSCREEN AND ITS STEERING COLUMN CONTROLS: NAV N GO NAVIGATION WITH 2D OR 3D DISPLAY, AUDIO STREAMING AND BLUETOOTH® HANDS-FREE TELEPHONE OPERATION… MEDIA NAV®, INTUITIVE, SIMPLE AND SMART!

MEDIA NAV* standard on 66kW Turbo Expression, Dynamique and GT-Line models

1. With just one touch, customise the 2D or 3D Birdview map display and activate voice guidance.
2. MEDIA NAV® comes with the **touchscreen Nav N Go navigation** system as standard. Simple and intuitive whether you are entering an address or updating maps on the https://renault.naviextras.com/website.

3. Listen to your music on the move with Bluetooth® technology or by connecting to the USB or jack sockets.
4. Use Bluetooth® technology to make and receive calls hands-free, consult your phone book and look up your call history.

Features and images may vary and be optional depending on model, and are subject to change without notice.

MODEL SPECIFICATIONS

AUTHENTIQUE

STANDARD FITTINGS ON AUTHENTIQUE

- 55kW 4 cylinder petrol engine
- Driver, front passenger and side airbags
- ABS, Emergency Brake Assist, ESC (Electronic Stability Control)
- Cruise control and speed limiter
- On-board computer
- Card to start the car and open / close the doors
- Electric front windows
- Electric door mirrors
- Height-and depth-adjustable steering wheel
- Height adjustable driver's seat
- 1/3-2/3 split-fold rear bench seat
- Bluetooth Radio® with Renault Bass Reflex® System
- USB & iPod connection
- Air conditioning (optional)
- Fabric upholstery (black/red)
- Body-coloured door handles
- Body-coloured mirrors
- Body-coloured bumpers
- 15" wheels with Extrême hubcaps
- LED daytime running lights
- Black injected dashboard

Dark Carbon fabric upholstery with red panels

Extrême 15" hub cap

EXPRESSION

STANDARD EQUIPMENT
ON EXPRESSION = AUTHENTIQUE +

- 66kW Turbo 3 cylinder engine
- Overboost function (adds 4kW and 15Nm)
- Media Nav® multimedia system (7" touchscreen + 4x20W radio + navigation + audio streaming + Bluetooth® + hands-free telephony + USB + Jack)
- Passion 16" alloy wheels
- Upholstery available in two colour schemes (black/grey)
- Leather steering wheel & gear lever
- ECO mode with activation button

OPTIONS

- Metallic paint

* Overboost only available for up to 20 seconds in 2nd and 3rd gears.

Dark Carbon fabric upholstery with grey panels

Passion 16" wheel rim

Features and images may vary and be optional depending on model, and are subject to change without notice.

DYNAMIQUE

STANDARD EQUIPMENT
ON DYNAMIQUE = EXPRESSION +

- Hands-free Renault card with remote locking
- Rear electric windows
- Automatic lights and windscreen wipers
- Foldable rear view door mirrors
- Drenalic 17" alloy wheels
- Glossy black B-pillar
- Chrome strip on side body protections and tailgate
- Lacquered black interior decorative parts

OPTIONS

- Climate control
- Rear parking distance control
- Fixed glass roof
- Metallic paint

Fabric upholstery with grey print panels

Drenalic 17" wheel rim black

GT-LINE

STANDARD EQUIPMENT
ON GT LINE = DYNAMIQUE +

- GT-Line front bumper
- Integrated LED lights in front bumper
- F1 Inspired rear diffuser
- GT-Line exterior mirrors
- R.S. door sill strips
- Chrome exhaust tip
- GT-Line rear spoiler
- GT-Line 17" alloy wheels

OPTIONS

- Climate control
- Rear parking distance control
- Fixed glass roof
- Metallic paint
- Malta Blue colour only available on GT-Line

R.S. door sill strip

GT-Line 17" wheel rim

Features and images may vary and be optional depending on model, and are subject to change without notice.

MUST-HAVE ACCESSORIES

WANT EVEN MORE STYLE, COMFORT AND TECHNOLOGY? RENAULT OFFERS A WIDE RANGE OF STANDARD ACCESSORIES, SPECIALLY DESIGNED AND DEVELOPED FOR YOUR CLIO.

EXTERIOR

1.

2.

3.

4.

5.

TRANSPORT

1.

2.

3.

4.

5.

1. Carbon Look Titanium Sport Kit. Accessorise your Clio with a Carbon Look Titanium sport kit. This kit comprises of a front spoiler, a diffuser and side skirts for a stylish sporty look. **2. Front blade.** The glossy black blade emphasises the front lines of your Clio and fits perfectly with the glossy black diffuser available as an option on new vehicles. **3. Diffuser.** Carbon Look Titanium material. Reinforces the structure of the vehicle and gives it a sporty line. Combine with the front spoiler and the side skirts. **4. Wheel arch finishers.** Carbon Look Titanium material. Protect the wheel arch. **5. Wing mirror stem supports.** Carbon Look Titanium material. Complete the sport kit.

1. Touring Line roof locker. Can be fitted to the Renault roof bars in just a few minutes to give additional loading space. Opens on both sides for ease of use and can be held open to make loading easier. **2. Transverse roof bars.** Tested according to the strictest standards, this set of 2 aluminium roof bars ensures compatibility between the vehicle and the bars. Quick and easy to install, the bars can be used to safely transport a roof locker, ski rack or bicycle rack. **3. Utility rack.** Very easy to use, supplied with 2 anti-theft systems, can be used to safely transport waterskis, fishing rods, etc. **4. Bicycle rack.** Attaches to any type of towbar and can be used to easily transport up to 3 bicycles. **5. Towbar with removable ball joint.** Preserves the aesthetic appeal of your Clio thanks to its ball joint that can be removed in a few seconds without the need for tools.

Features and images may vary and be optional depending on model, and are subject to change without notice.

INTERIOR

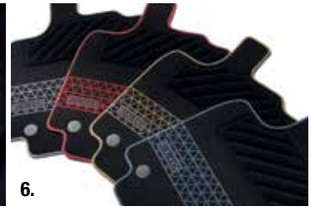
1.

2.

3.

4.

5.



6.

1. Boot mat. Reversible, textile material, loop-pile carpet on one side and rubber on the other. Protects your vehicle against wear and dirt. **2. PV/CV kit.** Transforms a passenger vehicle into a commercial vehicle. The made-to-measure plastic conversion tray with load stop is crash-tested and meets the strictest safety requirements. **3. Partition grille.** Provides effective separation between the boot and the passenger compartment. Essential for ensuring the safety of your pet. **4. Reversible loadliner.** Made-to-measure, reversible with 1 textile side and 1 rubber side. Effective protection for the original boot carpet. **5. & 6. Premium floor mat.** These passenger compartment mats provide effective protection for the original carpet while integrating perfectly into your Clio's interior.

MULTIMEDIA AND DRIVING ASSISTANCE

1.

2.

3.

4.

1. DVD player. Discover the Nextbase Click & Go DVD player with its two 9" screens, two brackets and two headsets. Attaches easily to the headrests allowing rear passengers to watch two DVDs, view JPEG images or listen to MP3 files separately. **2. Multimedia Tablet holder.** This stand fixes to the rods of the front headrests and holds a multimedia tablet, allowing rear passengers to read or watch video in complete comfort. **3. Parking distance control.** This system makes manoeuvring and parking quicker and easier. **4. Alarm.** The essential item for ensuring the security of your vehicle. It effectively reduces the risk of vehicle theft and the theft of objects in the passenger compartment.

Features and images may vary and be optional depending on model, and are subject to change without notice.

* Overboost only available for up to 20 seconds in 2nd and 3rd gears.
** The payload indicated is at the lowest equipment level.

RENAULT eco²

Renault Clio eco² meets the following 3 criteria:
- vehicles produced in an ISO 14001 certified plant minimising the impact on the environment,
- vehicles with CO_2 emissions of less than 120g/km* or running on biofuels,
- vehicles using more than 7% recycled plastic and with end-of-life recycling of more than 95%.

With Renault eco², the manufacturer is committed throughout the life cycle of the vehicle.

* Official consumption and emissions according to applicable regulations.

PARTS AVAILABILITY

WHATEVER PARTS YOU NEED, SHOULD WE NOT HAVE THEM, WE'LL OFFER YOU A MOBILITY SOLUTION.

- Renault ranks amongst South Africa's motor industry leaders in affordable parts pricing. Parts availability is ensured in Renault dealerships, but should your Renault become immobilised through spare parts being unavailable, you will be offered a mobility solution.

5 YEAR / 150 000KM WARRANTY

WITH A 5 YEAR / 150 000KM WARRANTY*, YOU'RE ALWAYS COVERED.

- Should you experience any mechanical failure resulting from a defect in an original part(s) on your new Renault vehicle, Renault will cover the cost of repairs for a period of **5 years** or **150 000km.**

*Warranty does not cover wear and tear items such as shock absorbers, brake pads, clutch, cam belt, etc.

SERVICE / MAINTENANCE PLANS

WE OFFER STANDARD OR TAILOR-MADE OPTIONS TO SUIT YOUR NEEDS.

SERVICE PLAN

- Having a Service Plan reduces the costs of servicing your new car. The price of the Service Plan is fixed when you buy your car, so you won't have to worry about inflationary price increases on labour or parts for the duration of your Service Plan.

MAINTENANCE PLAN

- Upgrade to a full Maintenance Plan, a comprehensive package that not only covers all your service, maintenance and labour costs over a contract period, but also gives you greater peace of mind.

24HR ROADSIDE ASSISTANCE / SECURITY

WHATEVER THE EMERGENCY, WE'LL ALWAYS BE THERE.

- Because your personal safety is of utmost importance to us, help is one phone call away. Simply dial 0861 736 2858 for assistance or for a team to be dispatched to you.
- Our 24 hour Roadside Assistance Plan covers all new Renault vehicles for a period of 5 years or 150 000km with an option for extension.

OUR NUMBER ONE PRIORITY:
SAFETY FOR ALL

RENAULT'S RESPONSIBLE VISION INVOLVES PROVIDING THE MOST MODERN AND EFFECTIVE PASSIVE AND ACTIVE SAFETY SYSTEMS, REGARDLESS OF THE EQUIPMENT LEVEL OF YOUR VEHICLE. ENJOY 5-STAR SAFETY WITH THE NEW CLIO.

PREVENT
To anticipate risks and keep the driver informed at all times

Designed to put responsibility on and inform the driver in real time, the technology developed by Renault guarantees a smoother, safer journey.

CORRECT
Advanced technologies that rewrite the rules

Renault has developed driver support systems to ensure responsiveness in any situation and help to deal with road hazards and driver errors.

PROTECT
All vehicle occupants and road users

Thanks to its expertise in accident research and new technology for all, Renault offers one of the safest ranges on the market. Our priority: to ensure maximum safety in the event of an accident to save lives.

RAISE AWARENESS AND RESCUE
For everyone's safety

DECADE OF ACTION FOR ROAD SAFETY 2011-2020
SUPPORTED BY RENAULT

Renault puts people at the heart of its strategy and has been involved in many societal initiatives on the subject of road safety in schools and universities, for young people and international institutions.

FOR SAFER CARS EURO NCAP www.euroncap.com TEST 2012

The New Renault Clio offers the highest level of safety even on the most basic version. It has been awarded 5 stars in the passive safety tests performed by the independent organisation Euro NCAP. There are 4 criteria for 2012: protection of adults, children and pedestrians and driver aids. With an overall score of 85%, the New Clio is in the top group for its segment.

RENAULT SAFETY IN FIGURES
- More than 600 company employees dedicated exclusively to vehicle safety.
- 100 million invested each year in safety research and development.
- 400 crash tests and 4,000 digital simulations each year.

1. Protection. Reinforced structure, high-efficiency front airbags, head/chest side airbags, pressure sensor to detect impact, seat belts with pretensioners and load limiters (front seats), anti-whiplash headrests, load limiter function (rear seats), luggage retention bar, anti-submarining front and rear seats (Fix4sure). Three Isofix 3-point seat attachments (front + rear sides). Lastly, the bonnet is designed to manage pedestrian impact. **2. Cruise control-speed limiter.** Lets you set a cruising speed or a maximum speed. A steering wheel-mounted control allows you to adjust the speed. **3. Seat belt reminder (SBR).** With sound signal and visual indicator for maximum safety of all passengers. **4.** New generation **ESC (Electronic Stability Control)** and ASR (Anti-Slip Regulation) active traction control. Ensure the vehicle remains stable even in difficult road conditions. **5. ASR.** The ASR active traction control system makes starting easier in all low-grip conditions. **6. ABS.** ABS anti-lock braking system with electronic brake distribution (EBD) combined with emergency brake assist (EBA) to maintain trajectory control in the event of hard braking.
